To Whom It May Concern:

Space Walk highly recommends MLM Inc. for commercial renovations. Our business used MLM Inc. to renovate two offices in one of our buildings. Before, the offices were very plain and boring. We wanted to renovate the offices to inspire and motivate our employees. MLM Inc. gave us incredible options for flooring and let us pick out and paint color we wanted.

Once we picked the flooring and paint colors, they went to work right away. They did the renovation during office hours but they were very quiet and efficient. Their work was definitely not a distraction to the rest of the office. They were great at communicating and executed every detail we asked for. The renovations were done in about a week. We did not expect the renovation to be done so quickly.

Our offices now look beautiful and definitely inspire and motivate our employees to keep working hard. We definitely see our business using MLM Inc. in the future for more office and conference room renovations. Space Walk highly recommends using MLM Inc. if you want your commercial renovations done efficiently and quickly.

Kind Regards,
